Do you know how to fulfil your legal responsibilities to risk assess any coach operator you use to carry members of staff, clients, friends, family and team members?

Recently the Confederation of Passenger Transport launched the Coach Marque scheme. This is the accolade awarded to operators who pass stringent risk assessment, service, financial and operational audit programmes.

Excelsior Coaches is unique to Dorset & West Hampshire by being the only accredited Coach Marque operator.

The Confederation in accrediting Excelsior Coaches recognises the organisation as 'the highest quality coach service provider in the region'.

Doesn't that make you stop and think that if you need to move passengers from A to B in comfort and safety then Excelsior Coaches should be your only choice?

In public and private sector markets the company operates rolling contracts with coaches in either client branding or Excelsior livery.

The company also provides coaches for local and regional businesses and social groups on an 'as required' basis.
